

Custom-made covers for DA40

Custom-made covers great for protecting a DA40 when outside in the elements - £500

See website for more images.

Specification

The covers were made by Bruce's Custom Covers. They fit a DA40. It is a set of:

- wing covers (L+R)
- tail covers (L+R)
- empennage cover
- full canopy cover (NOTE this is not in good condition)

The full canopy cover has the registration on it; I am sure that this could be painted/stencilled over.

They are great for protecting the DA40 when outside in the elements.

Please note there is NO prop cover. So it is everything except the prop cover in the picture.

The bags are included. Can be shipped anywhere. FYI, the bag with the wing, tail and empennage covers weighs 12Kg/26lbs; the canopy cover in its bag weighs 5Kg/10 lbs

They originally cost over US \$2,200, selling for £500.

Note:
E&OE. Availability, prices and hours are subject to change without notice.
Aircraft, engine and propeller time change through use, please ask for current hours at the time of enquiry.
All prices exclude VAT unless otherwise stated.
